

# the michael piegare foundation

**November 23, 2018**

**3pm-5:30pm at Bowlmor in Melville**

We are proud to be helping so many families on Long Island. Our range of donations has expanded beyond our initial focus. Beyond helping less fortunate kids with their athletic needs, we have contributed to programs that provide food, supplies and housing as well. We support kids that have cancer to attend a summer camp with their siblings. We also became a dog sponsor to help a disabled veteran. Charitable giving and corporate sponsorships are the driving forces behind this foundation and we thank you for your continued support.
